Dear Senate Judiciary Committee:

I am writing on behalf of Senate Bill 1059, sponsored by Senator Alan Cropsey, and would like to encourage you to support this legislation.

CTV represent grassroots activists from across the state that support the preservation and defense of life at all stages. We encourage you in your duty to protect minors from a situation where they could be exploited and ultimately harmed. Often these young girls lack the mature judgment to make a wise decision with such grave consequences.

It is an excellent idea to have congruity for the courts across the state as they deal with this dilemma (in the case of providing waivers for minors to obtain an abortion). Our constituents also support the idea that alternatives and consequences be presented to the minor seeking an abortion, so that she is fully aware of the options of the choice she is about to make.

We appreciate your service to our state and again, encourage you to vote in favor of this bill as it will be a vote to further support life.

If you have any further questions on our position with this issue, please do not hesitate to contact our office at 517-321-1390.

Sincerely,

James Muffett
President
